

PUBLIC NOTICE

LINCOLN-LANCASTER COUNTY HEALTH DEPARTMENT

- A. In accordance with Article 2, Section 14 of the Lincoln-Lancaster County Air Pollution Control Program Regulations and Standards (LLCAPCPRS), notice is given for the following proposed actions:
1. The preliminary determination by the LLCHD to approve the renewal of a Class II Operating Permit for the Lester Electrical.
- B. Issuance of the proposed permit allows for continued operation of the subject emission source within Federal, State and Local requirements. Provided below are the name, address, and the North America Industry Classification System (NAICS) code describing the nature of business at the subject emission source:
1. Source Name: Lester Electrical
 2. Source Address: 625 West A Street, Lincoln, NE 68522
 3. NAICS Code(s): 335999 (All Other Miscellaneous Electrical Equipment and Component Manufacturing)
- C. Potential emissions exceed the Class I permit thresholds set forth under Article 2, Sections 2 and 5 of the LLCAPCPRS, but the owner/operator has agreed to limit throughputs to such quantities that actual emissions will remain below Class I permit thresholds. As such, the source will remain a 'synthetic minor' source of emissions, and the issuance of a Class II operating permit is appropriate for this facility.
- D. The proposed Class II operating permit will allow for emissions of the following regulated air pollutants in the associated quantities. All quantities are in units of tons per year, or tpy.
